The Vet Graduate Academy

2024-2025

Welcome to The Vet Graduate Academy

We're delighted to have you onboard, and look forward to working with you as you embark on your new career.

Your programme will consist of a rich mix of various learning formats, including a bespoke online learning programme with access to over 2,000 videos for two years, regular specialist-led case discussion evenings, and hands-on training via practical attendance days.

Practical sessions will be held at our two London venues:

The Clinical Skills Lab
204a Manor Place
London, SE17 3BN

The Pickle Factory
14 Bowden Street
London, SE11 4DS

Facilitated by experienced specialists in small group sizes, these one-day sessions will equip you with hands-on experience in practical skills. Visit our website for detailed directions:

www.centralcpd.co.uk/venue

Veterinary Case Discussions

Using clinical case studies, these evening sessions with veterinary specialists will provide you with systematic protocols for some of the most common presentations. Zoom links will be sent to you via email ahead of each session.

Online Learning

You'll have access to a structured EPA-based 50 hour online training programme delivered via Central CPD On-Demand for two years. Modules can be accessed at any time as needed over the programme, complemented by access to over 2,000 clinical CPD videos with On-Demand's vast reference library.

If you have any questions about your Vet Graduate Academy Programme, please contact us at **enquiries@centralcpd.co.uk** or phone on **0207 582 1692**
